

Valerie G. Hoffman, PhD, LCSW

Vice President, Oral Committee Chair, NBFEE

Dr. Valerie Hoffman (Drval) is a licensed clinical social worker. Drval has been practicing mental health counseling for 35 years. She has a thriving private practice with an office in Ormond Beach. In addition to her private practice, Drval also is the Vice President of the National Board of Forensic Evaluators and serves as the Oral Chair of the Oral Examination committee to credential eligible candidates for certification as forensic mental health evaluators.

She has coauthored dozens of professional programs for professionals in her field to receive continuing education credits. She has coauthored and published journal articles based on the interviewing the psychopath, antisocial personality disorders and Opioid use disorders and well as addressing the medical marijuana cards for mental health disorders in SUD treatment.

Because of her acumen as an editor and reviewer of the NBFEE candidates' forensic mental health evaluators samples, as well as being the Oral Chair for the Oral examination committee, Drval has dedicated hundreds of hours educating, and creating a template for developing a smooth and productive output of NBFEE certified credentialed members. Drval is the driving force behind the productive output of NBFEE. Drvals' team approach to her work with the board, the executive director, and our assistant administrator, demonstrates why NBFEE has become the leading forensic mental health certification body in the world.
